

BROWN™

CREATIVE. INTERIOR. DESIGN.

Welcome to **Brown**

As a group, we do so much more than simply define what a room or home should look like. We focus on far more important things.

Things like how it functions, how it feels, and most of all, how it defines you. We are an interior design company built on the belief that what truly makes a space special is not just how people see it, but how they experience it. Don't just possess a beautiful space. **Own it.**

BROWN

Our Design Process

STEP 01: GETTING TO KNOW YOU

Our passion is not just for turning houses into homes, but for enhancing lives and lifting spirits. During this initial meeting, we'll get to know all about who you are, and what you envision to be your dream home. We'll learn about your lifestyle and how you want your space to function.

STEP 02: INITIAL DESIGN PRESENTATION

Based on the initial meeting, your designer will draft a custom design presentation for your project. The presentation will include concepts for design, color and style, layouts of furniture, custom built-ins and wall/ceiling concepts, as well as suggestions for carpet and windows.

STEP 03: APPROVAL & PROCUREMENT

After making your selections from the design presentation, we will compose a final design proposal. This will include pricing, descriptions, and dimensions for each individual piece. Once you provide final approval and deposit on the proposal, it's time to start ordering!

STEP 04: PROJECT TRACKING & DELIVERY

For all orders throughout the project, you will receive status reports and estimated timelines for production and delivery. All items will be received, inspected, and stored in our warehouse. This allows us to guarantee quality control, and relieves you from dealing with logistical issues.

Our Design Process

STEP 05: INSTALLATION

Whether you are in town or out, we will efficiently transform your home by choreographing all on-site installations. This includes the coordination of all sub-contractors—painters, carpet installers, wall finishing, window treatments, furniture delivery, custom cabinetry, etc.

STEP 06: CONSTRUCTION ADMINISTRATION

If your project involves construction, we will be of assistance by reviewing architectural plans, utilizing or generating CAD floor plans, executing elevations, assisting in timeline creation, consulting with an Audio/Visual company, providing on site supervision, holding project meetings, and more!

STEP 07: FINAL WALK-THROUGH

When your installations are complete, we will do a final walk-through to assure we have exceeded your expectations and you are fully satisfied with every aspect of your home. We truly hope to have enhanced your life and lifted your spirits by creating an environment for you to enjoy with those you love!

BONUS: REFERRAL PROGRAM

We are proud to say over 80% of our clients are referrals. As an incentive to continue this trend, we offer \$100 American Express Gift Cards to clients that refer business that results in a sale.
